Dear Friend of Ambassadors for Christ,

In this Olympic year, China has captured the world's attention. **But the attention China needs most is from those who know God – that we might help impact 1.3 billion Chinese for Jesus.**

God has continued to work mightily to capture Chinese hearts through AFC's Mainland Chinese (MC) Literature Ministry. Our reach has expanded as we distribute powerful resources that change lives!

Yulan Tang is one of those transformed lives. A friend invited her to a Christian-sponsored Chinese New Year's gathering in February, where she received a copy of **Song of a Wanderer**. Yulan stayed up reading nearly the whole book until 3 AM. **It answered her questions and she gave her heart to Christ that night! "It's so wonderful!" She told us.** Now, Yulan is eager to help her family in China know God.

How many Chinese intellectuals would not know God today if AFC's MC Literature followed normal marketing methods for distributing its materials? **Instead, we provide resources at very low cost or give them away.** Generous partners have helped make this ministry model possible. Donors and volunteers pour out their time and money. Suppliers, shippers, storage providers, and others make sacrifices.

The impact is enormous! **Song of a Wanderer**, as you may know, is a tremendously effective apologetics book written by medical researcher Li Cheng, Ph.D., who struggled with accepting Christ. He takes the reader step-by-step through the evidence for Christianity and relates his own journey of faith. **We have distributed more than 870,000 copies of Song of a Wanderer worldwide, and we estimate this book has greatly helped more than 150,000 Chinese come to Christ.**

The MC Literature Ministry is a frontline provider of tools like these that help shape the values and worldview of the Chinese people. Yet the experience of Yulan Tang's and so many others heighten our escalating sense of stewardship. We've distributed 3 million pieces of literature since 1990, but that amounts to just one item per 433 Chinese. **Our strategic position means we have the potential to do far more.**

You can help! **Right now, we have an overwhelming opportunity to provide 500,000 copies of Song of a Wanderer to intellectuals around the world.** Our estimates show that for **every 5 copies of this work distributed, at least one Chinese will come to faith** – usually an intellectual. It costs less than \$3 to get those 5 copies into circulation. **Tens of thousands could find eternal life through this project.** We simply must meet this challenge!

Will you help provide the **\$250,000** yet needed for this special **Song of a Wanderer** project? I pray you'll respond as God leads, so that many more Chinese can glorify our Lord throughout eternity. God bless you for your partnership.

So we are ambassadors for Christ with you,

Rev. David T. Chow
